

15 February 1956

**MEMORANDUM FOR: Deputy Director/Intelligence**

**Attention:**

25X1A9a

**FROM:**

**Assistant Director for Basic Intelligence**

**SUBJECT:**

**Proposed Revision of Regulation 10-140  
Printing and Reproduction, dated 27 Jan 1956**

1. It is recommended that the proposed revision of Regulation 10-140 be concurred in except for paragraph 4. a. (6). With respect to this paragraph it is suggested that it be amended as shown in the following:

4. a. (6) Reviewing and, when required, developing  
in coordination with the Agency activity concerned,  
printing specifications to assure consistency with required  
results, available facilities, format, and comparative costs.

2. Since OBI is responsible for coordinating the inter-agency NIS Program, including the development of printing specifications and format for the NIS in collaboration with the participating agencies, it is essential that any development affecting the NIS Program be undertaken in coordination with this Office.
